Mr. S. H. Posey,  
529 West Church St.,  
Orlando, Fla.

Dear Posey:

In answer to your letter of April 9th, you said you were getting in touch directly with Bill White which is probably the best way to handle that April 27th date.

It will be necessary to get the game arranged as soon as possible, as we have to have placards made and distributed. I have written Bill today and told him what to do about getting the white Park in Daytona.

About playing you there on the 16th, there really would not be time to handle any publicity, as you know. If you were going to be around that way and could play in Daytona a week or so later, I would be O. K., you can contact Bill directly on arranging this game, if possible.

Did you do anything about Sanford and Orlando for us?

Very truly yours,
